C	90mm x 38mm x 1000mm Pickets (x5 blue, x4 red, x4 yellow & x4 green)	x17
	M8 x 90mm Coach Screw	x4
	6 x 70mm Screws	x68

Approx. weight: 80kg per 3m fencing section.

Product Code: RPF1100

Name: 3000mm(w) x 1100mm(h) Fencing Section

Each 3m rainbow fencing section starts and finishes with a blue picket. The first picket must be fixed 35mm in from the end of each 3m rail as indicated above. The 20mm expansion gap between each 3m rail and the 20mm expansion slots to the end of each 3m rail are essential to allow the fencing sections to expand in warmer temperatures. Do not overtighten the end coach screws to allow for expansion.

*A starter post with relevant fixings is supplied with every order.
